With great excitement, Thoits announces the 3rd annual Tournament for a Cause charity event benefiting the **Housing Industry Foundation (HIF)**. Please join us to celebrate this extraordinary organization.

Since 1989, HIF has helped people overcome housing crises through personal grants and shelter improvements. HIF believes, *"people should not lose their home due to unexpected medical bills, losing their job or falling victim to crime."* They recently provided emergency financial assistance to a woman suffering from a brain tumor who had two months of rental payments stolen by a caregiver. In its 23 years, HIF has prevented 5,089 households from homelessness and completed 74 renovations for non-profit shelters.

We invite you to help us honor the achievements of the Housing Industry Foundation. Please join **Thoits** in what promises to be a fantastic evening.
