

The Housing Industry Foundation 2021 Renovation Application

The Housing Industry Foundation (HIF) provides renovations for agencies that serve individuals and families experiencing homelessness in San Mateo and Santa Clara Counties. Successful applicants for support will demonstrate a clear benefit toward the quality of life for residents and staff, improved and expanded service capacity and strong management structure to coordinate and promote the project and its outcomes.

Renovations are completed via HIF's Renovation Fund and our extensive network of vendors and corporate partners that work with HIF and successful applicants to plan, execute and promote projects and corresponding volunteer workdays.

HIF selects nonprofit facilities based on alignment with our mission, the need of the agency, the impact the renovation will make, the ability of the agency to work with HIF during the renovation process, and their ability to maintain the completed facility improvements and promote the project's impact and HIF's support
