HIF Staff News

HIF would like to welcome our two new staff members, Drew and Tracy. We’re excited to have them join the team and help HIF grow in 2022!

Drew Geer – Housing Programs Manager

After graduating with a degree in Anthropology and Sociology, Drew began his career in the housing field at The Bridge Fund of New York working to prevent eviction amongst the working poor. He served as the Associate Director for the Brooklyn operation for three years where he managed the entire program for the borough and honed a depth of community and in the field work experience no classroom or training could equal. Drew believes there is no such thing as an expert case manager, there is just one that is prepared to do whatever it takes to help a resident.

“I wanted to be part of a team that was growing and working to better the community and to help grow their impact beyond what they had done before.”

Tracy Beiers – Director, Marketing and Revenue

Tracy is a long-time marketing executive for tech companies, from early stage start-ups to global companies such as Microsoft and Google. She spent the bulk of her tech career creating categories and brands, launching companies and products, and driving customer acquisition and growth. She loves to traverse strategy and execution, working in concert with customers, teams, and influencers while nimbly learning and iterating based on data, insights, and market changes. A thread through her career is the contagious entrepreneurial spirit and working at the center of emerging technologies to create solutions that empower people.

“I look forward to working together so we can uplevel our visibility, raise more funds, and ultimately help even more people in our communities.”

Cynthia’s Story

My lease was up in October and my landlord kindly extended it until December, without raising my rent. I was dreading telling him I couldn’t make my rent for November. I can’t say what a relief it was to have HIF’s help. It’s not just about the money, it’s about knowing I have a roof over my head, that I don’t have to be anxious and stressed and that someone out there is willing to help.

I’m a single older woman and have been out of work six months, and have no family that I could ask for help. I had to apply for food stamps and medi-cal and thankfully I was able to receive both, but I still was anxious about losing my apartment. At least for November I can have some relief, knowing that November’s rent is paid for thanks to HIF.

I can’t say what a relief it was to have HIF’s help.

Champion Spotlight

Each quarter HIF highlights a champion of our mission that helps to make our impact in the community possible.

This quarter, we’re highlighting Essex Property Trust and their Essex Cares program for their continued and valuable partnership with HIF. Essex Cares provides direct aid to Essex’s residents, associates, and local communities. Their programs focus on three primary areas of assistance: Associates, Residents, and Community, which provide assistance in a multitude of ways for not just Essex residents & employees, but also members in their community. Essex Property Trust has been a long-time supporter of HIF by being on our board of directors and supporting our programs for many years.
